**Institutional Distinctiveness  
Socio-Economic Survey Report  
2022-23**

## **Socio-Economic Survey (2022-23)**

Being a rural college, VTM NSS College, Dhanuvachcapuram caters to socially and economically weaker sections of the learner fraternity. Most of them are first-generation learners, from underprivileged socio-economic communities. The institution devices various teaching-learning methodologies and encourages them to think beyond the curricular box. As holistic development of a learner is the motto of our institution, various programmes of social, cultural, linguistic, historical, and academic relevance - all contributing to the efficacious growth of the learner into socially responsible and confident individuals, ready to face the world confidently, yet with compassion for their fellow men. vision of the college is to evolve into a centre of excellence in the world of academics and all-around development that will blend innovative practices in teaching in a mutually enriching manner, with holistic development of the students as its prime focus. The mission of the college is to provide the students with an excellent background in the fundamentals of their subjects to facilitate a comprehensive development of their all-round competency, to foster scientific temper and a culture of lifelong learning, and to render socially relevant extension services.

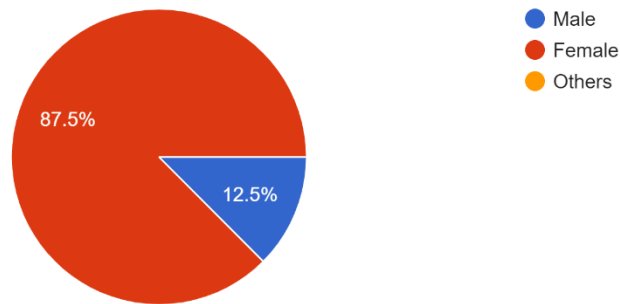

As such, the college takes annual socio-economic survey to assess the status (basic personal details and academic data) and to identify the first-generation learners in our college. A First-Generation Learner is someone whose parents did not obtain a Higher Secondary education. The major social and economic variables used for the study are gender, religion, caste, economic status, education and occupation details of the parents. Department wise data is collected using google forms and consolidate the results using appropriate statistical methods. Following statistics shows the data collected and analysed:

### **MA English**

#### **Table: 1**

#### **Gender of Students**

Sex  
8 responses

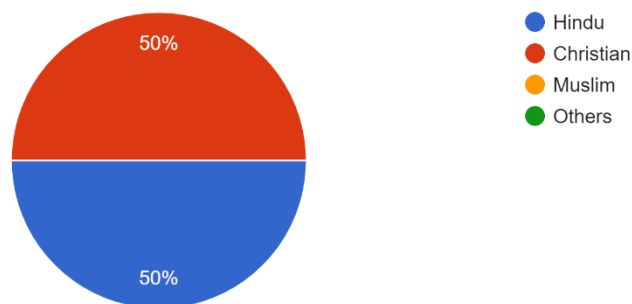

Regarding the gender majority of students belonged to female category and the rest were male respondents.

**Table: 2**

**Religion of students**

Religion  
8 responses

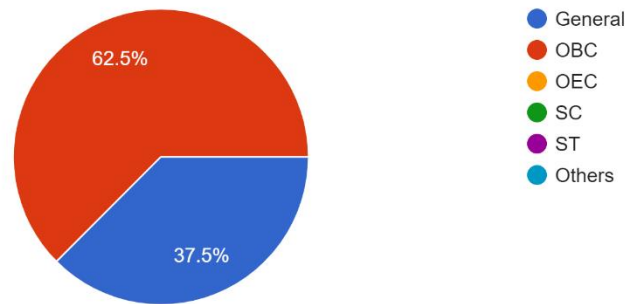

All the respondents came under either Hindu or Christian religion.

**Table: 3**

**Caste of the students**

Caste  
8 responses

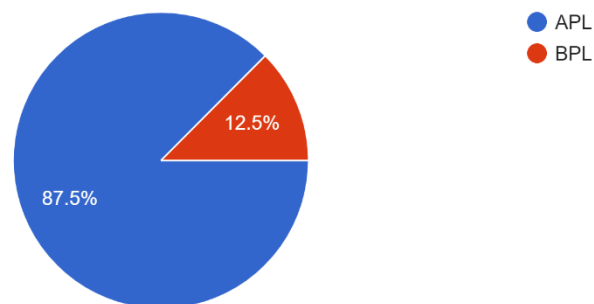

With respect to caste, 62.5 % of the students responded as other backward caste (OBC). While 37.5 % came under general category.

**Table: 4**

### Economic Status

Economics Status  
8 responses

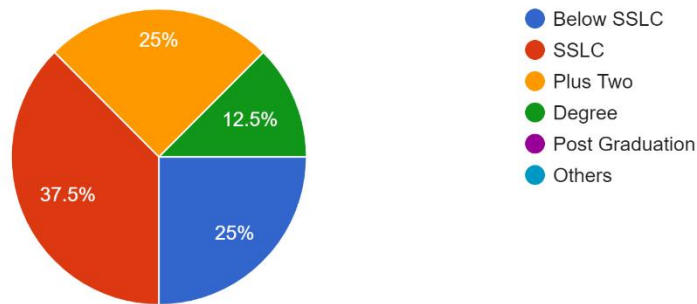

Majority of the respondents belonged to APL category and only 12.5% in the BPL section.

**Table: 5**

### Educational Qualification of Father

Educational qualification of your father  
8 responses

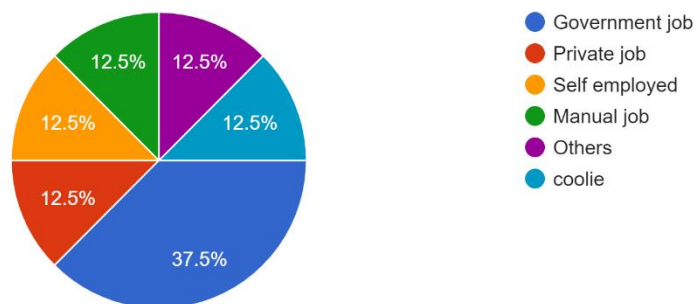

Regarding the educational qualification of father, majority had SSLC. Only 12.5 % had degree level education and 25% were below SSLC.

**Table: 6**

**Occupation of Father**

Occupation of your father  
8 responses

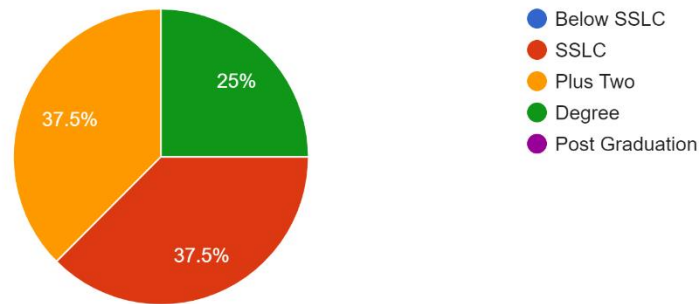

Majority of them were employed in unorganised sector. 37.5 percent were employed in government sector.

**Table: 7**

**Educational Qualification of Mother**

Educational qualification of your mother  
8 responses

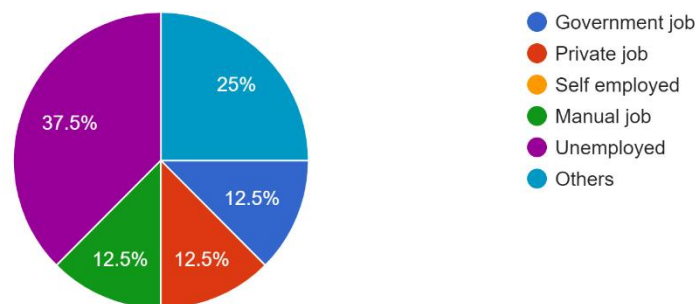

While asking about the educational qualification of their mother majority of them responded SSLC (37.5%) and above (Plus Two – 37.5% and degree – 25%).

**Table: 8**

### Occupation of Mother

Occupation of your mother  
8 responses

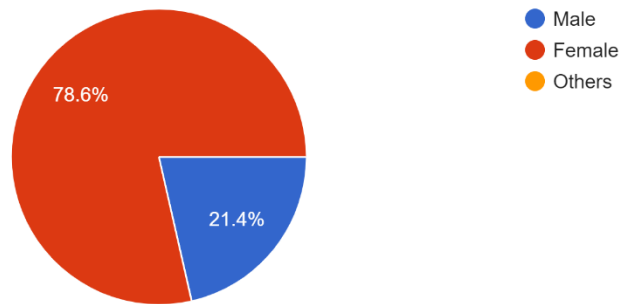

Majority of them are unemployed. Only 12 % were placed in government sector and almost 25% of them in the unorganised sector..

### MA History

**Table: 9**

### Gender of Students

Sex  
14 responses

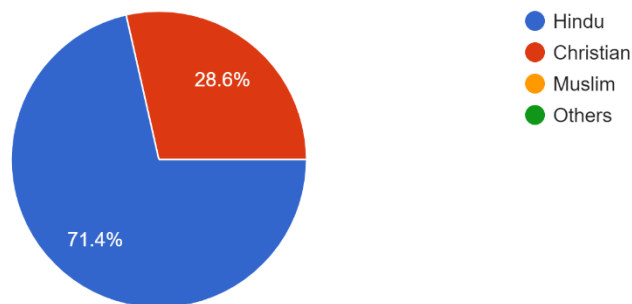

Regarding the gender, majority of students belonged to female category.

**Table: 10**

### Religion of students

Religion  
14 responses

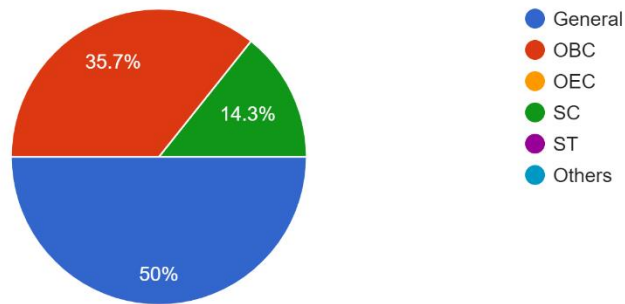

All the respondents came under either Hindu or Christian religion.

**Table: 11**

### Caste of the students

Caste  
14 responses

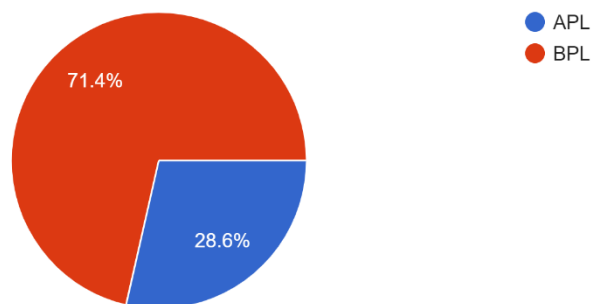

With regard to the caste, 50 % of the students responded as general category. While 14 % came under scheduled caste (SC) category.

**Table: 12**

**Economic Status**

Economics Status  
14 responses

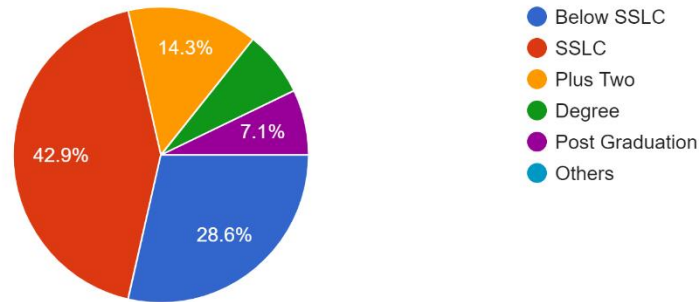

Majority of the respondents belonged to BPL category (71.4%) while 28.6% belonged to the APL category.

**Table: 13**

**Educational Qualification of Father**

Educational qualification of your father  
14 responses

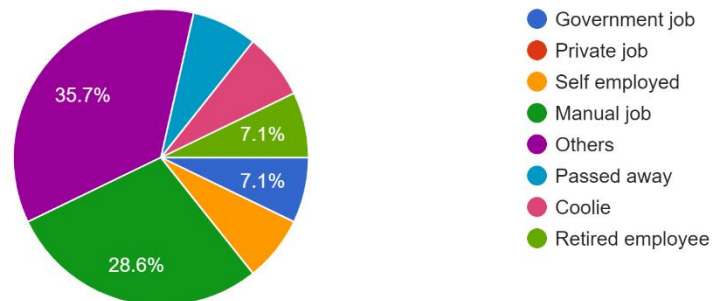

Regarding the educational qualification of father, majority had SSLC. Only 7 % had Post Graduation.

**Table: 14**

**Occupation of Father**

Occupation of your father  
14 responses

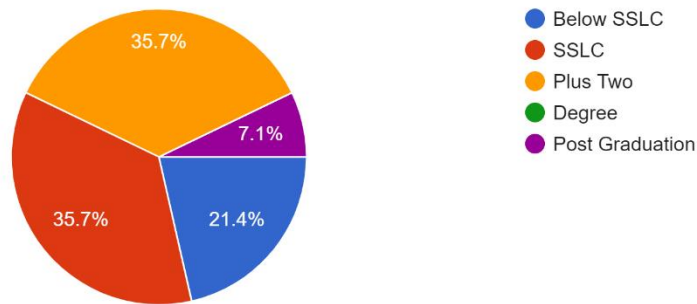

Majority of them (35.7%) were employed in unorganised sector. 28.6% were doing manual jobs, and the rest were retired employees (7.1%) and Government Employees.

**Table: 15**

**Educational Qualification of Mother**

Educational qualification of your mother  
14 responses

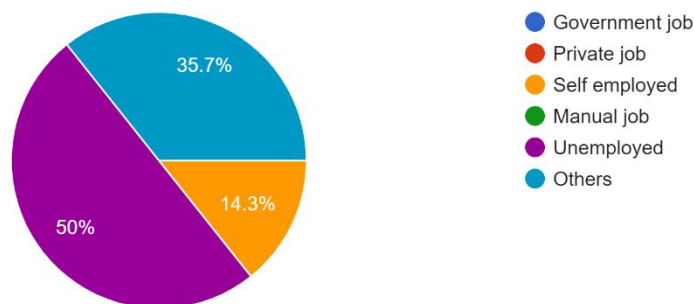

When asked about the educational qualification of their mother majority of them (35.7%) responded SSLC and Plus Two (35.7%). None of them went for higher education.

**Table: 16**

**Occupation of Mother**

Occupation of your mother  
14 responses

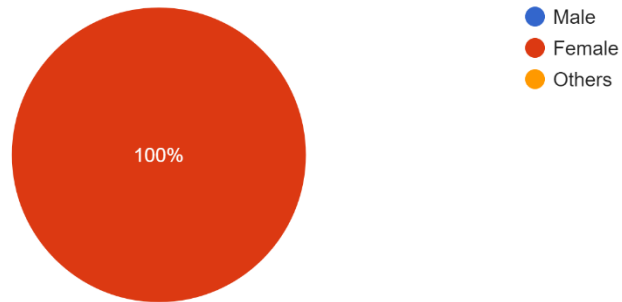

Majority of them were unemployed – about 50% of the respondents. 35.7% belonged to the unorganized sector and 14.3% as self-employed.

**MA Economics**

**Table: 17**

**Gender of Students**

Sex  
10 responses

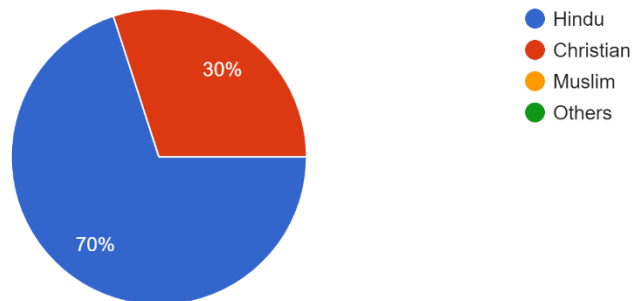

All the respondents were females.

**Table: 18**

### Religion of Students

Religion  
10 responses

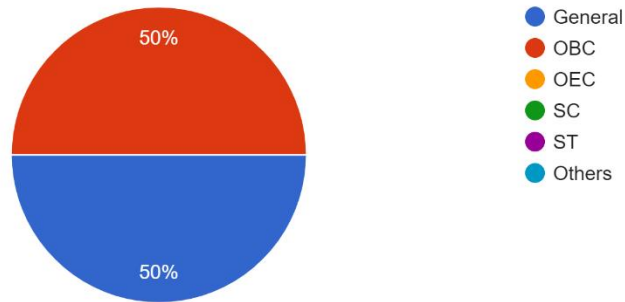

Majority of them belonged to Hindu religion.

**Table: 19**

### Caste of Students

Caste  
10 responses

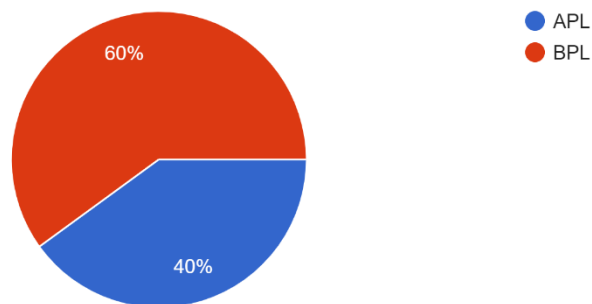

Regarding the caste of students there was an equal share of General and OBC category.

**Table: 20**

### **Economic Status of Students**

Economics Status  
10 responses

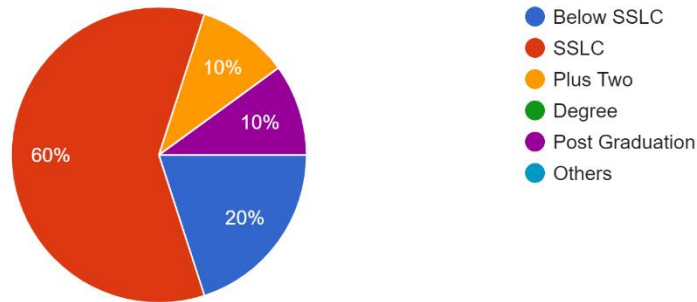

Majority of them belonged to BPL category (60%).

**Table: 21**

### **Educational Qualification of Father**

Educational qualification of your father  
10 responses

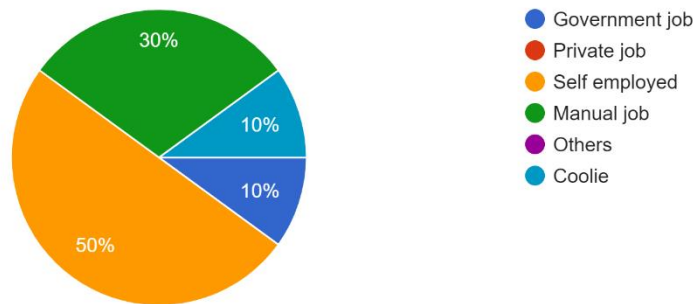

Majority of them had SSLC level education. Only 10 % of them were postgraduates.

**Table: 22**

**Occupation of Father**

Occupation of your father  
10 responses

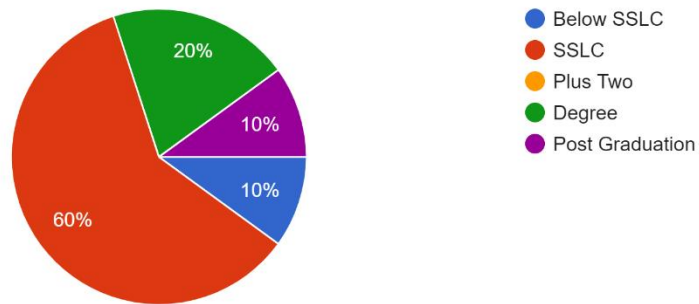

Majority of them were self-employed and only 10 % were government employees.

**Table: 23**

**Educational Qualification of Mother**

Educational qualification of your mother  
10 responses

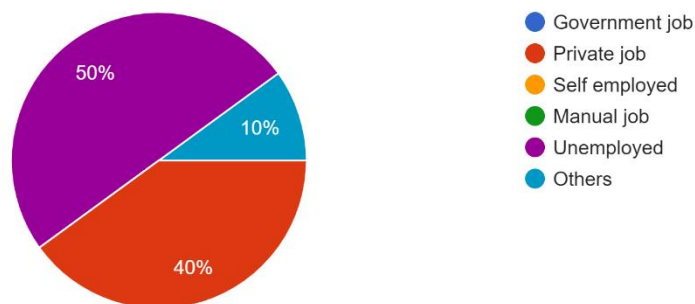

Majority of them had SSLC (60%) and only 10% had postgraduation, 20% had Degree and 10% was below SSLC qualification.

**Table: 24**

### Occupation of Mother

Occupation of your mother  
10 responses

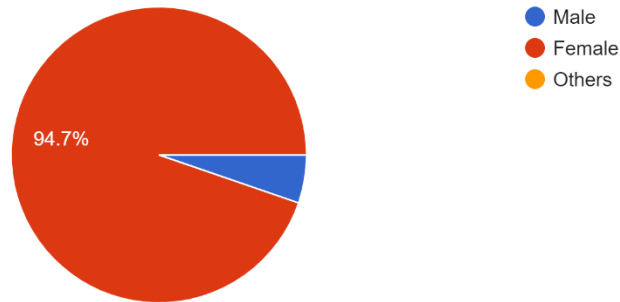

Majority of them were either unemployed or employed in private sector.

### M.Com.

**Table: 25**

### Gender of Students

Sex  
19 responses

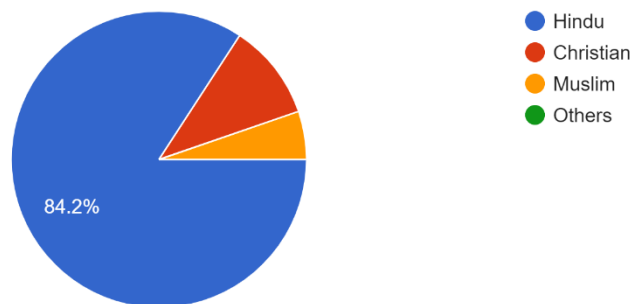

95 % students were female learners with only a nominal number (5.3%) in male students.

**Table: 26**

### Religion of Students

Religion  
19 responses

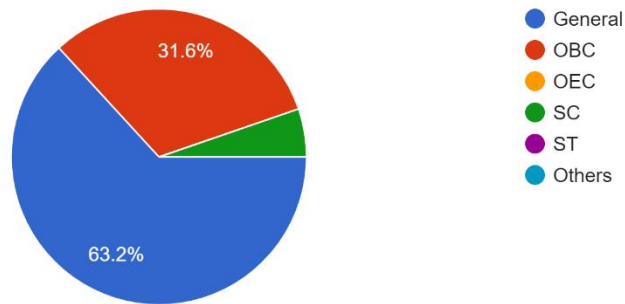

Regarding their religion majority were Hindus (84.2%), while a nominal number of them were Muslims as well.

**Table: 27**

### Caste of Students

Caste  
19 responses

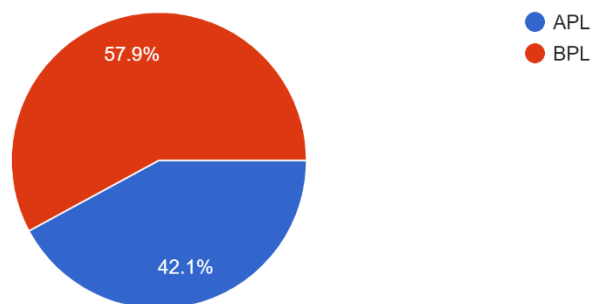

Majority of the students belonged to general category (63.2%) while 31.6 % of them belonged to OBC section.

**Table: 28**

### Economic Status of Students

Economics Status  
19 responses

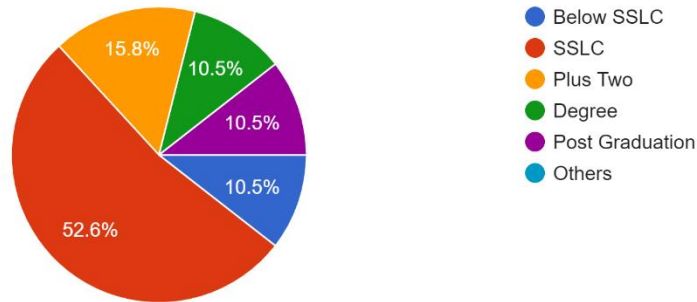

Majority of them (57.9%) belonged to the BPL category while 42.1% belonged in the APL category.

**Table: 29**

### Educational Qualification of Father

Educational qualification of your father  
19 responses

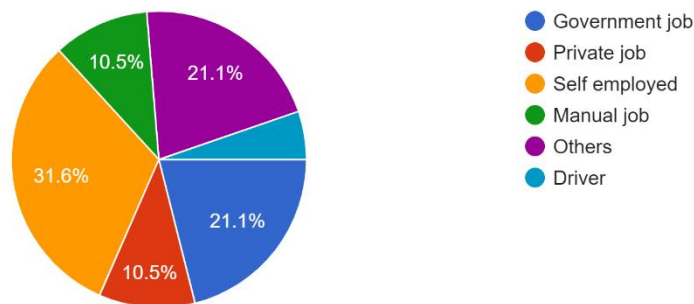

A significant share of the parents had to an education level of SSLC (52.6%) and below.

**Table: 30**

**Occupation of Father**

Occupation of your father  
19 responses

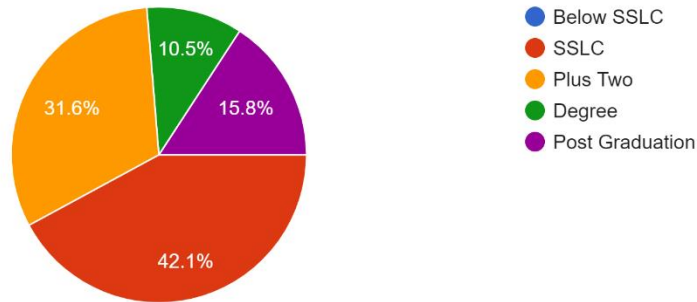

A vast majority of the parents (father) were working in unorganized sector (31.6%). Only 21% were employed in government sector.

**Table: 31**

**Educational Qualification of Mother**

Educational qualification of your mother  
19 responses

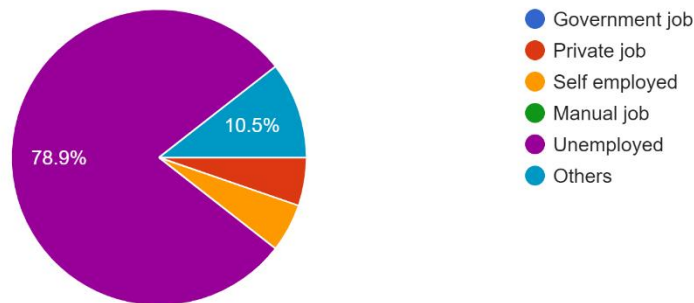

42.1 % of them had SSLC level education. Only 10.5% has degree and 15.8 % has post-graduate education.

**Table: 32**

### Occupation of Mother

Occupation of your mother  
19 responses

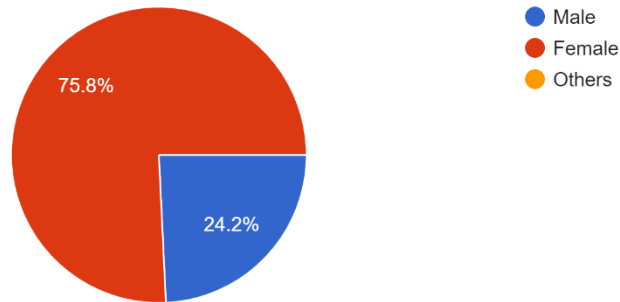

A vast majority of them were unemployed – about 78.9 %. Only 10.5 % of the respondents belonged to the unorganized sector and a nominal number were either employed in the private sector or were self-employed.

### BA English

**Table: 33**

### Gender of Students

Sex  
33 responses

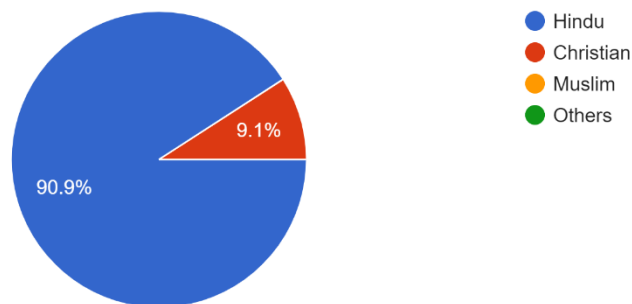

76 % of the respondents were female and 24.2% male.

**Table: 34**

### Religion of Students

Religion  
33 responses

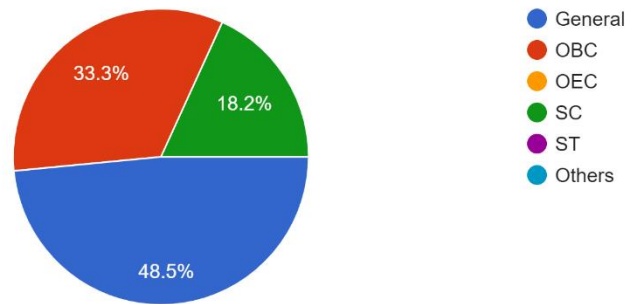

A vast majority students belonged to Hindu religion.

**Table: 35**

### Caste of Students

Caste  
33 responses

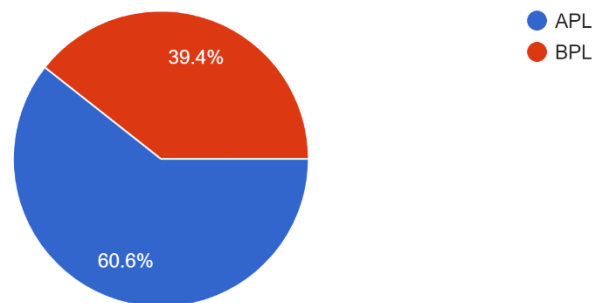

A significant proportion of students belonged to general category. 18 % belonged to SC.

**Table: 36**

### Economic Status

Economics Status  
33 responses

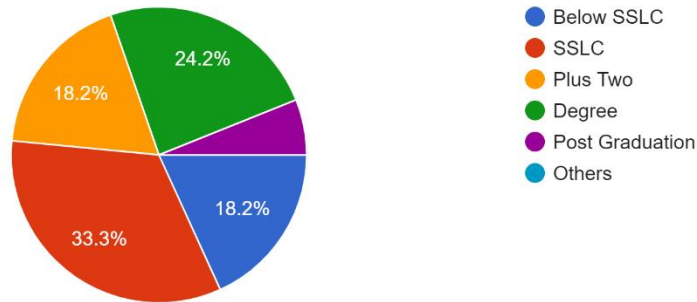

A major share of students belonged to the APL category (60.6%) and 39.4% were in the BPL category.

**Table: 37**

### Educational Qualification of Father

Educational qualification of your father  
33 responses

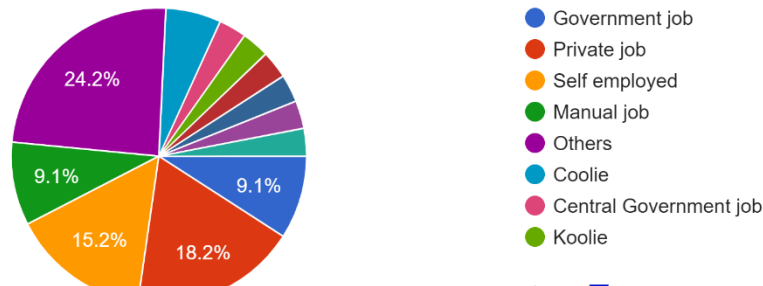

A lions share of them were either SSLC (33.3%) or Plus Two (18.2%). 24.2% had degree level education 18.2% had higher diploma courses and a nomianal number had postgraduation.

**Table: 38**

**Educational Qualification of Mother**

Occupation of your father  
33 responses

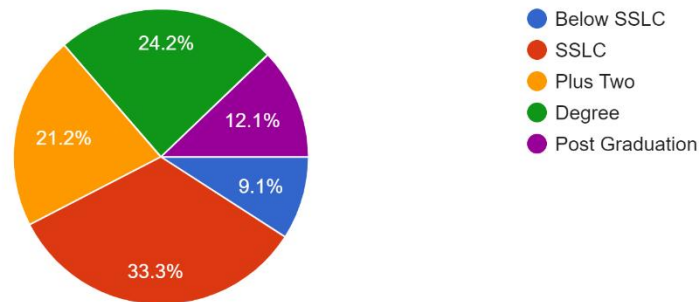

24.2% of the respondents belonged to the unorganized sector, 18.2% had private jobs, 15.2% were self-employed. 9.1% did manual labour and a very nominal number of them belonged to the central sector or state government employment.

**Table: 39**

**Educational Qualification of Mother**

Educational qualification of your mother  
33 responses

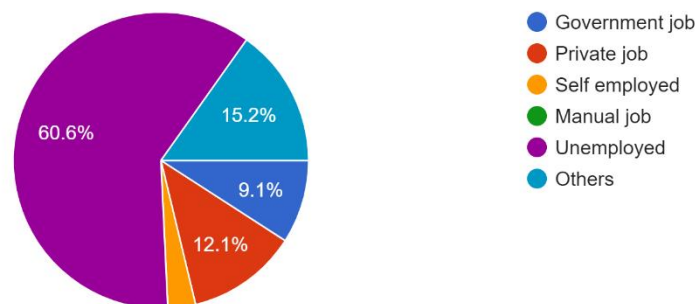

Majority of them (33.33 %) were only having SSLC qualification, 21.2 % having Plus Two, 24.2% % having Degree, 12.1 % having postgraduation degree and 9.1 % below SSLC.

**Table: 40**

### Occupation of Mother

Occupation of your mother  
33 responses

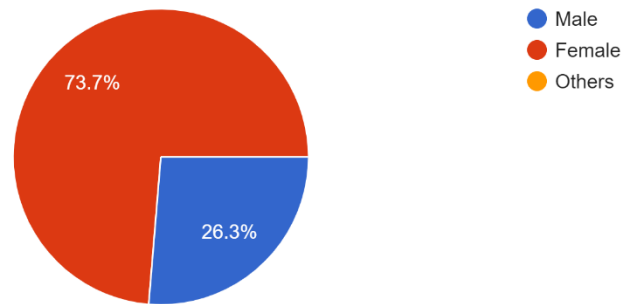

A dominant share of the respondents (60.6%) were unemployed. Only 9.1% were employed in government sector and 12.1% had private jobs.

### BA Economics

**Table: 41**

### Gender of Students

Sex  
19 responses

**Table: 42**

### Religion of Students

Religion  
19 responses

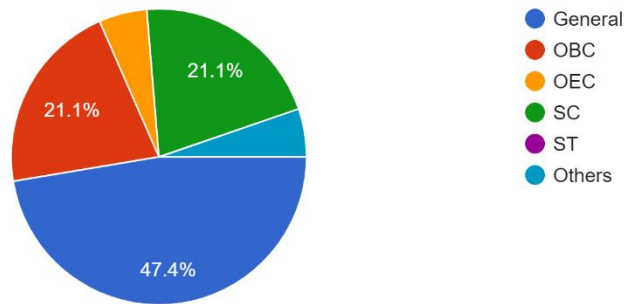

A vast majority of them (63.2%) were Hindus 36.8% were Christians.

**Table: 43**

### Caste of Students

Caste  
19 responses

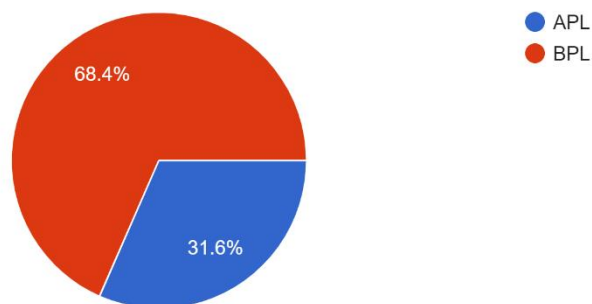

Majority of them (47.4%) belonged to general category, 21.1.% to OBC category, 21.1 % of them belonged to SC category, and a nominal number to OEC and others.

**Table: 44**

### Economic Status

Economics Status  
19 responses

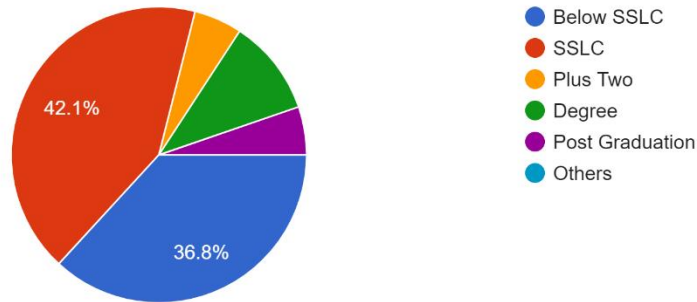

Here a major share of the respondents (68.4%) belonged to the BPL category and only 31.6 % belonged to the APL category.

**Table: 45**

### Educational Qualification Father

Educational qualification of your father  
19 responses

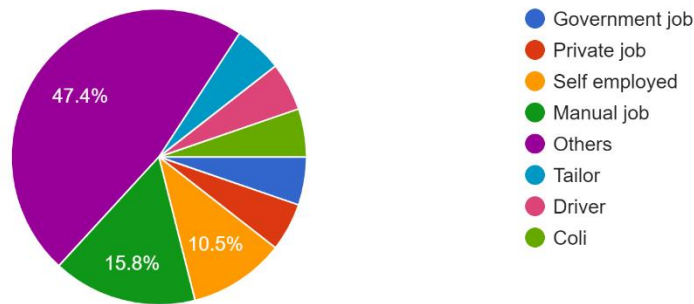

Most of the respondents (42.1%) were having basic qualification as SSLC. A huge number (36.8%) were below SSLC and a very nominal number of them completed their higher education.

**Table: 46**

**Occupation of Father**

Occupation of your father  
19 responses

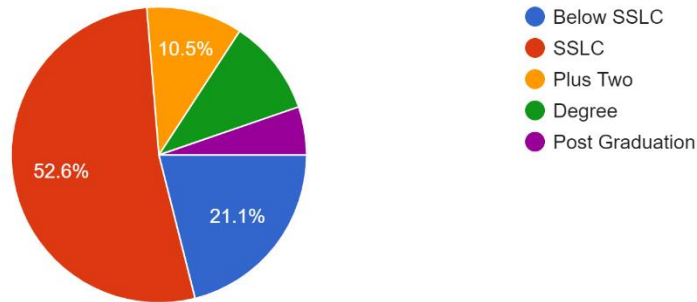

A negligible share of them were employed in government sector (9.2%), while majority were employed in either private (11.2%) or daily wage sector (47.4%).

**Table: 47**

**Educational Qualification of Mother**

Educational qualification of your mother  
19 responses

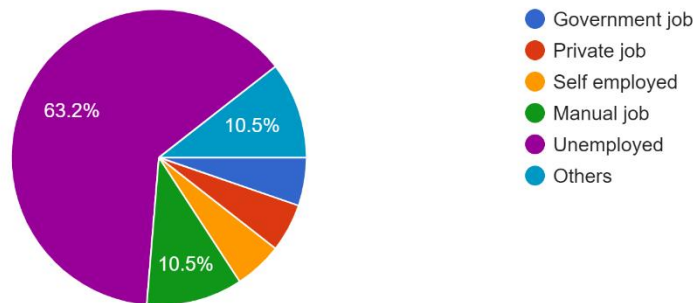

52.6 % of the respondents were SSLC holders, while 21.1 % were below SSLC. 10.5 % were Plus Two holders and a nominal number were either degree or postgraduation holders.

**Table: 48**

**Occupation of Mother**

Occupation of your mother  
19 responses

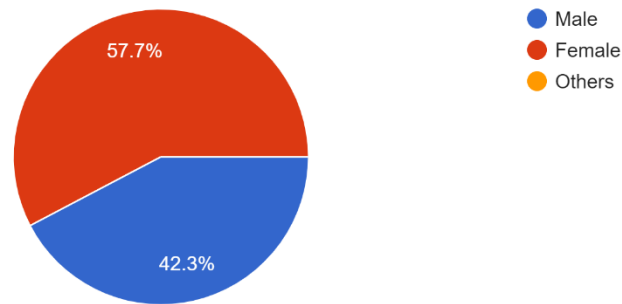

A lion share of the respondents (63.2 %) were unemployed while 10.5 % of them did manual labour. Only a nominal number of them were either self-employed (7.4%) or did private job (7.8%) or were employed in the Government sector (11.1%).

**BA History**

**Table: 49**

**Gender of Students**

Sex  
26 responses

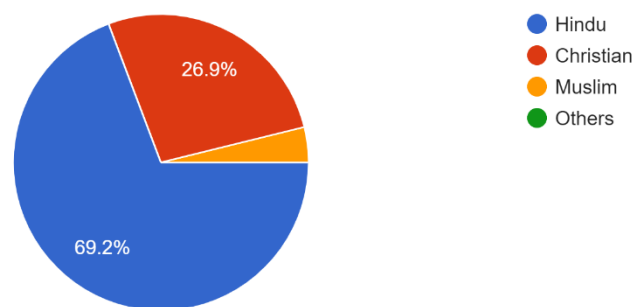

Majority of the respondents were female (57.7%) and only 42.3 % were male learners.

**Table: 50**

### Religion of Students

Religion  
26 responses

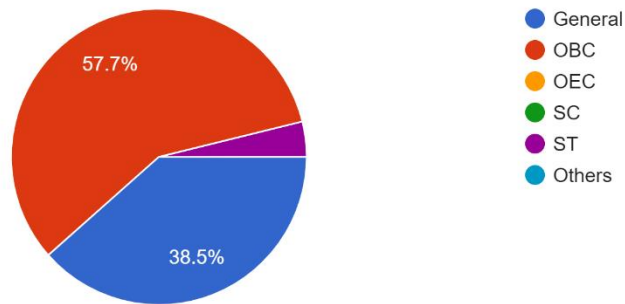

Majority of the respondents (69.2%) belonged to the Hindu religion, 26.9% Christians and. A nominal number of the respondents were Muslims.

**Table: 51**

### Caste of Students

Caste  
26 responses

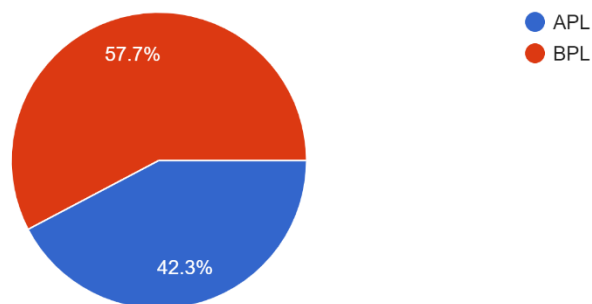

57.7 % of the respondents belonged to the OBC category, 38.5% of them belonged to General category and a nominal number (3.8%) to other categories as well.

**Table: 52**

**Economic Status of Students**

Economics Status  
26 responses

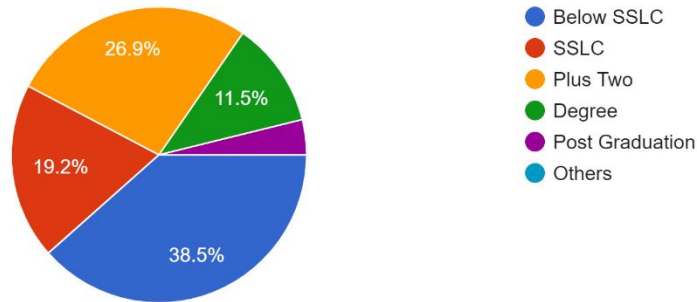

Most of the respondents belonged to the APL category while 42.3 % of them belonged to the BPL section.

**Table: 53**

**Education of Father**

Educational qualification of your father  
26 responses

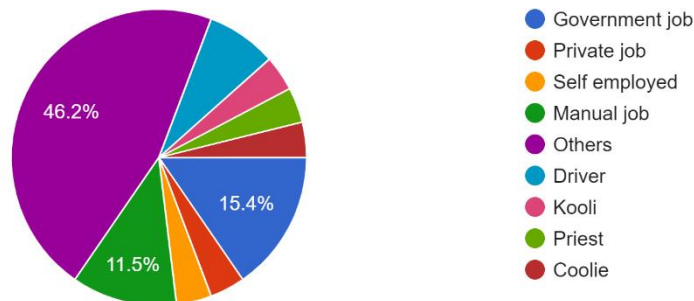

The dominant share was below SSLC holders, only 19.2 % were SSLC holders, 26.9 % were Plus Two holders while the rest were either degree or postgraduates (nominal %).

**Table: 54**

**Occupation of Father**

Occupation of your father  
26 responses

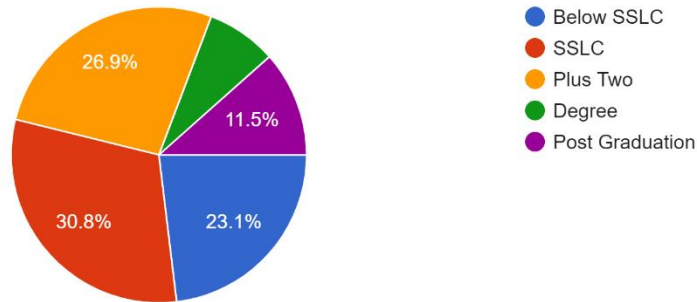

46.2 % of the respondents belonged to the unemployed or unorganized sectors and a very nominal number had like daily wage (11.4%) or belonged to the government sector.

**Table: 55**

**Education of Mother**

Educational qualification of your mother  
26 responses

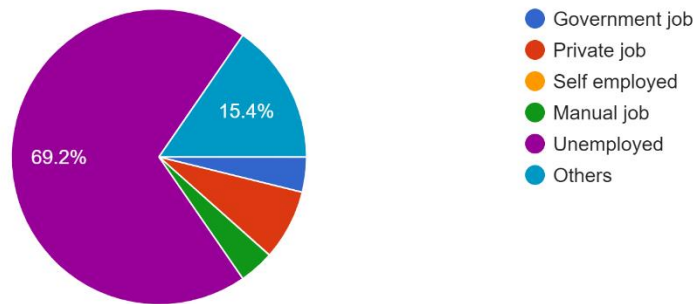

Most of the respondents were SSLC holders (30.8%), a lesser number were Plus Two holders (26.9%), a few were below SSLC (23.1%) and a nominal number were degree and postgraduate holders.

**Table: 56**

**Occupation of Mother**

Occupation of your mother  
26 responses

A dominant share of the respondents (69.2 %) were unemployed while a nominal number belonged to the unorganised section of workers (15.4%) or employed in government or private sectors.

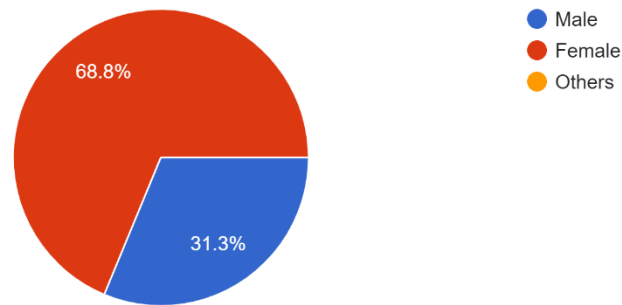

## BA Malayalam

**Table: 57**

### Gender of Students

**Table: 111**

**Occupation of Mother**

Occupation of your mother  
13 responses

A huge number of the respondents (76.9%) were unemployed, 15.4% were in the unorganised workers category and 7.7% were employed in the private sector.

## Findings and Conclusion of the Study/Survey Done

The above stated responses were collected from students enrolled each academic year so as to make required and effective changes to the teaching-learning methodology as well the academic ambience all-together. From the above analysis we have arrived at the following findings.

- ✚ Majority of learners enrolled in the college during the academic year 2022-23 were female.
- ✚ Regarding the religion of the students, a major share of them belonged to the Hindu community.
- ✚ Even though majority of them came under the general category, a significant portion also belonged to OBC, SC category and OEC category as well.
- ✚ The economic status of a vast majority of students were Below Poverty Line (BPL).
- ✚ It was also identified that most of the learners' parents were non-graduates, with a majority having SSLC as their basic educational qualification and a significant number below SSLC.
- ✚ Further, it was also found that majority of the parents were employed in unorganized sectors. Very few among them were employed in government and private sector.
- ✚ Mostly one parent was employed either in the aforementioned category or others, especially the father. Mothers were mostly unemployed with only a nominal number as employed. As such, the income is also limited.

Based on the above findings, we have made a conclusion that majority of our students are first generation learners with inadequate economic background. Hence student centric programs should be adopted to reduce the drop out and to improve their academic and overall performance.

## **Action Taken Report as per the Socio-Economic Survey Conducted (2022-23)**

The Socio-economic survey conducted by IQAC assessed and the detailed report was submitted by IQAC to the head of the institution and the College Council. Various suggestions and concerns raised by the stake holders were taken into consideration by the college council and actions were suggested. The action taken measures during the academic year 2022-23 are as follows:

- ✚ The head of the departments were given special instructions to give the First semester students of First-Degree Programmes a detailed orientation regarding the CBCS systems and how the same is going to shape their academic prowess and career in future.
- ✚ Instructions were given to conduct Bridge courses for at least two-weeks and to conduct more learner-oriented sessions through activities and group discussions.
- ✚ The mentors were asked to give special attention to each and every learner and assess their progress.
- ✚ Classes were taken in blended mode in order to ensure maximum student participation, especially add-on classes and skill development classes were taken in the online mode. All assignments and project submissions were also encouraged to be executed in the online mode.
- ✚ Mentors are given instruction to ensure N-List membership of students to ensure uninterrupted digital learning and to tackle concerns over the lack of availability of study materials.
- ✚ Students were encouraged to participate in student seminars and competitions on power point presentation and paper presentations were encouraged
- ✚ Industrial visits to reputed institutions based on their subject of study as part of their curriculum were conducted
- ✚ Field visits were conducted as part of the curriculum delivery where, the learners got acquainted with indigenous knowledge systems and the current social scenario in which they are living.

- ✚ Student centric teaching-learning methodologies like satellite group study systems, peer teaching, etc were augmented and departments were given instructions to conduct them diligently.
- ✚ As per the opinions from the students, the teachers were instructed to take regular feedback on the course completed and to improvise accordingly.
- ✚ Library was also equipped with new books related to research and subject/syllabus base content and were made accessible to the learners.
- ✚ Initiated steps to improve the cleanliness and aesthetics of campus buildings and facilities - More seating spaces were created in the outdoor spaces for students to utilise for curricular and extra- curricular activities.
- ✚ Upgraded Classroom equipment and ICT enabled classrooms.
- ✚ More skill enhancement programmes as part of *Naipunya – One Student One Skill* were conducted.
- ✚ Boot camps and special training were given to students in Sports and learners were encouraged to participate in cultural and other extra-curricular activities.
- ✚ Career Guidance and Placement Cell conducted various workshops, seminars, awareness sessions regarding the current job sector and to enable the learners industry ready.
- ✚ Learners were also encouraged to participate in NSS and NCC so as to imbibe human values, responsibility towards environment and its conservation, inculcate leadership qualities, social commitment, commitment to oneself and to nation.
- ✚ Regular PTS meetings were held to monitor the students progress and to have an interpersonal interaction with the parents.
- ✚ Interface with subject experts and industry experts were conducted to enhance the competence of the learner and to enable them scale the heights of academic and professional success - Distinguished Alumni Lecture (DAL), Pedestal Lecture Series, research conference, etc were also conducted.
